

BASIC LIFE SUPPORT (BLS)/CPR TRAINING

Training includes single and two rescue CPR for infant, child, and adult; AED (Automated External Defibrillator); how to handle a choking situation for a conscious and unconscious person; and use of AMBU bag.

Please note that if your certification is expired, you must attend the Instructor Led / Classroom Based training.

Instructor Led / Classroom Based <i>\$61.50 per person</i> Complete 4-hour course in classroom.	Online / Web Based Training (Includes a 2 hour in-person check-off skills session) <i>\$78.00 per person</i> Complete course online plus 2 hour in-person check-off skills session. Online portion takes about 1 hour to 1.5 hours to complete.
Each participant is required to attend and complete a four-hour American Heart Association's CPR course with an instructor of the AHA.	Each participant is required to complete the American Heart Association's online CPR course and bring the certificate of completion to the 2 hour in-person check-off skills session. This session is with an instructor of the AHA. Participant must print the certificate of completion and bring that with them to the skills check-off session. **Participants will not be admitted to the skills check-off session without a hard copy of the certificate of completion.
Registration for the classroom based course is through learnatwork.wustl.edu. A key code to access the EBook will be emailed to the participant.	Registration for the web based course is through learnatwork.wustl.edu. Online instructions and a key code will be emailed to the participant.
<p>Class Size Minimum: For the instructor led /classroom based class there is a minimum of 10 attendees and for the online/web based class there is a minimum of 8 attendees. If there are less than the minimum registered in a class, the class will be cancelled and the employee will be asked to reschedule.</p> <p>Cancellations: All cancellations must be made <u>three</u> business days in advance of the class date or the department will be charged the class. Another employee can attend in place of the employee who is unable to attend.</p> <p>No Show/Class Tardiness: If an employee is scheduled and does not show up for a class, the department will be charged for the class. For the Instructor Led / Classroom Based classes, another employee can attend in place of the employee who is unable to attend. Please be prompt for the class. If more than 5 minutes late; participant will be turned away, asked to reschedule and the department will be charged for the class.</p> <p>AHA EBook: Each participant of an instructor led/classroom based class is required to have access to the American Heart Association CPR EBook. A key code to access the EBook will be emailed to the participant. The online/web based course does not require the EBook; the class information is accessible online for two years.</p>
