COVID-19: Danforth Campus Digest

This digest is a compilation of important COVID-19 related news and updates for students, faculty and staff on the Danforth Campus. We’ll send this to our community as needed to share new information, including important steps members of the Danforth Campus community must take to help protect the health and well-being of our community. Thank you for your attention to these communications, and for your continued support of our response efforts.

Updated guidance on personal travel
Effective today, all Danforth Campus faculty and staff, including those whose physical presence is required on campus to perform essential services, may travel beyond a 60-mile radius of campus at their discretion, as long as their activities are authorized by any Stay at Home orders that may be in place in the areas where they are traveling. This is an update to previous guidance strongly discouraging personal travel outside of the St. Louis region. All university-sponsored travel is still prohibited at this time.
